To install dictionaries on your PocketBook, please do the following:

1.

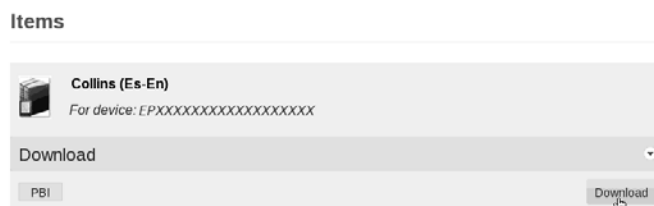

### Option 1. If the installation file was downloaded to your PC:

- Connect your device to the PC via USB cable.
- Copy the installation file with .pbi extension to any folder of the internal memory, for example – *Downloads* (or to the root folder).
- Disconnect the device from your PC.

### Option 2. If you want to download the installation file to your device:

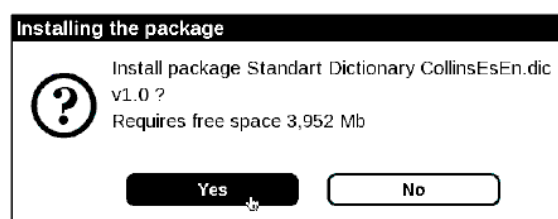

- Set up Wi-Fi Internet connection on your device. Using the browser, open [Bookland.com](http://Bookland.com) > [Login to your account](#) > Go to your [purchased items list](#).
- Press the Download button.

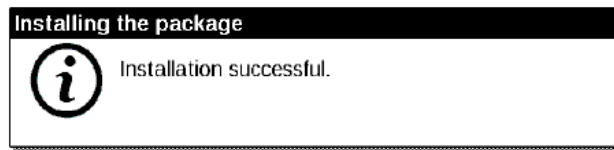

- Once the file is on the device, it will automatically appear in the list of Recent Events. Tap the file, the installation will start (**PocketBook Ultra (650)**: the installation file will appear in the Library).

- Confirm the installation.

## Toggling between dictionaries

1. Open the «**Dictionary**» application during reading or from Main menu.
2. Select the «Dictionary Toggling» icon  (in the top right corner on the screen).
3. Select the required dictionary from the list.

**NOTE:** You can only use the purchased dictionary on a single device with the same serial number which you have set during purchasing the dictionary.
